We are proud to offer the Klunker, which represents a giant leap backwards in mountain bike technology. The Klunker pays homage to the original pioneers of mountain biking and brings back the true spirit of the sport. The Klunker is packed with new school and old school features like a full width moto handlebar, 3 piece chromoly BMX cranks, coaster brake wheelset with DH tires and a retro BMX inspired fork. The Klunker is ready to rip trails right out of the box with no upgrades required.
