The Vagrant is our alloy hardtail built for a multitude of riding conditions. Designed around a 160mm fork, the Vagrant is perfectly at home on almost any freeride trail but is light enough for long singletrack epics and all mountain rides. The frame is extremely stiff and agile for cornering and throwing the bike around which makes it incredibly fun to ride. For a great all-purpose bike that can hang with almost anyone, the Vagrant will not disappoint.

Availability: Available Now

FRAME FEATURES:

- 6061 Heat Treated Aluminium
- Sizes: Small (16"), Medium (16.5"), Large (17")
- Colors: Purple, Raw (With Clearcoat), Black
- Decals: **Decal kit** with 4 sets of decals in Black, White, Green and Red
- Weight: 5.9 lbs
- Complete Bike Weight Range: 28-35 lbs (Depending on fork and build kit)

- 31.6mm seattube
- 34.9 front derailleurs and seat clamp
- Accepts up to 8" Rear Disc Brake Rotors
- Easily fits 2.5" rear tire
- Bottom bracket 68 x 118
- Chain Guide Mounting: Standard ISCG
- 135mm dropouts vertical

DirtRag Magazine Reviews the Vagrant

"The Vagrant is still a jack-of-all-trades: it can be ridden on your local XC loop, most DH trails, ridden around the city, and taken to the local jump trails. But, if your ideal riding spot is in the trees on twisting singletrack covered in drops and ladder bridges, this bike is truly for you."

- Dirt Rag Magazine
